

Au2mate – your local brewery automation partner

“The partnership with ProLeiT combined with Au2mate’s process knowledge and local presence close to our customers will form a strong alliance”

Carsten G. Jensen, Au2mate CEO

OBJECTIVES

Earlier this month, ProLeiT and Au2mate announced the signing of a contract extending their partnership across multiple countries and markets. We are excited about the agreement, and we believe our combined expertise will create unparalleled opportunities for growth and innovation. The agreement enables Au2mate to deliver, implement and support ProLeiT automation solutions tailored for the F&B segment, especially the brewery and soft drink industries.

OFFERING

Au2mate possess inhouse process knowledge to the soft drink and brewery segments as well as comprehensive competences within the ProLeiT automation systems. We have executed and delivered multiple solutions for the industry utilising **brewmaxx** and **Plant iT** and have deep knowledge on the following modules, spanning the entire automation landscape:

- Acquis iT
- Batch iT
- Connect iT
- Direct iT
- Integrate iT
- Liqu iT
- Material
- Routing manager

WANT TO LEARN MORE?

We truly believe that Au2mate’s project-oriented market approach with our local presence close to production sites, combined with ProLeiT’s strong position as solution providers will form a strong alliance for new and existing customers.

For more information on the partnership, the products, and the solutions we can provide, please do not hesitate to contact your local Au2mate office in Bryne or Aalesund.
